# Get involved

## Saturday 9 September

### Apply for Funding for Your Community Projects

We will have information about the Community Chest funding. This funding opportunity can make a real difference in your community. Whether you have a small project idea that needs a boost or a larger initiative that could benefit from significant support, the Community Chest offers funding of up to £300 for small grants and up to £5,000 for larger projects.

Come and find out how you can apply and make your ideas a reality.

### Time Capsule - We want your suggestions

On our stall, along with answering questions you may have about the regeneration, we will be listening to your ideas for items or mementoes you think should be included in a commemorative time capsule. We want to preserve the community's history and need your input to make it as representative of the community, past and present, as possible.

### Be a Part of Decision-Making

We are looking for more residents to join the Community Board – could this be you?

The Community Board plays a crucial role in shaping the future of your neighbourhood. By joining the board, you will have the opportunity to voice your opinions, contribute your ideas, and collaborate on community initiatives.

We welcome residents of all backgrounds and experiences to join us in creating positive change.

**We look forward to seeing you there!**
